

## COVID-19 VACCINATION

### Healthwatch website

We have created a dedicated vaccine webpage on the [Healthwatch Brighton and Hove website](#) which is being regularly updating. The website explains how the vaccines are currently being rolled-out and includes news and updates. In this bulletin we have included some of the most significant changes announced over the last week below. We have also created a [Vaccine “Fact Check” webpage](#) to provide you with accurate information about the vaccines

### Contact us

Healthwatch is working with local NHS Clinical Commissioning Groups to ensure you get the information you need. If you have a specific question, please do get in touch at [office@healthwatchbrightonandhove.co.uk](mailto:office@healthwatchbrightonandhove.co.uk)

### Information to help you understand the vaccination roll out

You can access some answers to Frequently Asked Questions about the vaccine by clicking [here](#). Read this ‘[fact check](#)’ page which tackles some of the biggest concerns and inaccuracies.

To help you understand more about the vaccination roll out and what to expect, a series of videos have been produced which are available below:

How will I get my jab? (animation) <https://www.youtube.com/watch?v=Bh4DLdKD6uw>

I have received a letter, what do I do? (animation)  
<https://www.youtube.com/watch?v=ame-eJ4RUSU>

How will I be invited? <https://www.youtube.com/watch?v=wtDEiOK46GM>

What is a vaccination centre? <https://www.youtube.com/watch?v=izprZWWYe9w>

### In addition:

- L. How to get your vaccine - in different languages (page 13)

## A. Vaccination Programme: people aged 45 and over start to be invited

From this week, people aged 45 and over are now eligible to receive their COVID-19 vaccination and will be invited to book an appointment.

Across the country, we are moving to the next phase of the COVID-19 vaccination programme after reaching the target to offer all those in phase 1 of the vaccination programme a vaccination. Everybody in cohorts 1 to 9 - those aged 50 and over, the clinically vulnerable and health and social care workers - has been offered a vaccine, meeting the government's 15<sup>th</sup> April target. This group accounts for 99% of all COVID-19 deaths during the pandemic, so by offering them the vaccine, we are helping ensure the most vulnerable are protected from the virus.

The significant milestone marks the beginning of phase 2 of the vaccination programme and people aged 45 to 49 across England can now book appointments through the [NHS booking service](#). People in this age group can also wait to be contacted by their GP led vaccination service.

The Joint Committee on Vaccination and Immunisation (JCVI) has published its [final advice](#)

[on phase 2](#) and in line with this, eligible people will be invited to receive their vaccines in order of age over the coming weeks and months.

We are urging anyone in the [nine priority groups](#) who has not yet had their vaccination to come forward and book their appointment. If anyone in the first nine priority cohorts is yet to have their first vaccination we encourage them to arrange their appointment immediately through the [NHS booking service](#), by calling 119, or speaking to their GP led service.

Our vaccination programme has made strong progress and more than 1 million vaccinations have now been delivered across Sussex. However, we know that there are over 120,000 people who are in the first nine eligible priority groups and are yet to have their vaccination.

## B. Quiet vaccination session at the Brighton Centre

A dedicated ‘Quiet COVID-19 Vaccination Session’ for people requiring their first dose COVID vaccination is planned for this weekend in the city.

Saturday 17 April, 4.30pm - 7pm

[Read more](#)

Sussex Community NHS Foundation Trust is pleased to be able to offer a dedicated ‘Quiet COVID-19 Vaccination Session’ for people requiring their first dose COVID vaccination. The details are:

**WHEN:** Saturday 17 April, 4.30pm - 7pm  
**WHERE:** The Brighton Centre, Kings Road, Brighton, BN1 2GR  
**BOOK:** By calling the Public Involvement Team on 07443 770 754

This **Quiet Session** is being offered to people living in Sussex who are over 30 years old who may need more time for their appointment, or who have extra access needs where a quieter and calmer environment would help support them to receive their vaccination. This includes:

- People with learning disabilities
- People with autism
- People living with a neurodiverse condition
- People living with a Dementia and/or Alzheimer’s

The Quiet Session at the Brighton Centre will offer:

- Fewer appointments, so less people will be there during the session
- Longer appointments to give you more time
- 1:1 nursing care for everyone receiving their vaccination
- The entire appointment will be on the ground floor
- Everyone will be offered the Oxford-AstraZeneca vaccine, so you must be over 30 years old
- Free transport for anyone who needs it (see below for details)

### **What will happen when I arrive at the Quiet Session?**

A nurse (who will also have an assistant) will greet each patient at the entrance and support them through the Centre to a quiet and private Vaccination area.

They will take you through all aspects of the process on a 1:1 basis, including clinical assessment and vaccination.

We will only use the downstairs of the Brighton Centre and have both the entrance and exit on the seafront side of the building.

Each person can bring a carer who can be present throughout their journey.

There will only be 40 appointments being offered, which allows us to give you much more time for your vaccination (up to 20 minutes) and have one nurse per patient to support you throughout.

### **Booking Information**

Bookings can be made by phone to the local NHS Public Involvement Team on 07443 770 754, who will take relevant details and pass on any additional information to the vaccination team to make the journey on the day as smooth as possible. This includes:

- Your name and contact details
- Your date of birth
- Your age (you must be over 30 years old to access this session)
- Your NHS number, if you know this
- Your GP name and practice
- Your ethnicity
- If you have capacity to consent
- Emergency contact details
- Your personal access requirements, and anything you want to let the vaccination team know in advance to help support you in the best way they can on the day.

### **If you're able to travel to the Brighton Centre yourself:**

The Brighton Centre is accessible by public transport and there are a number of public car parks nearby.

Anyone receiving their COVID-19 vaccination at the Brighton Centre will be entitled to one hour's free parking in the Churchill Square Orange Car Park. Please follow these instructions to claim your hour's free parking while you have your vaccination:

- Park in the orange car park (Churchill 1), which is located in Regency Road East, BN1 2RU. The vehicle height restriction is 2.13 meters
- Enter the car park via lane 1 (left hand lane)
- On arrival take a ticket from the car park barrier

- Explain to the Churchill Square Security Officer that you are attending the Brighton Centre for a COVID-19 vaccination. You will need to provide proof of vaccination appointment for that day (showing the confirmation you have received on your phone is fine).
- The security officer will then validate your ticket.
- The 1 hour/60mins free parking begins from the minute you enter the car park. Any additional parking will be charged at normal rates.

### Free COVID-19 Vaccine Transport

Brighton Centre Quiet Vaccine Session - Saturday 17th April 4:30 - 7:30pm  
Available to Sussex residents

Free transport available to anyone booked onto the Quiet Vaccine Session  
A dedicated quieter session for people with a learning disability, autism, neurodiverse condition and/or Dementia

### Getting to the Brighton Centre Free Transport available to people booked onto the Quiet Vaccine Session

If you need support with transport to get to the Brighton Centre for your appointment during the Quiet Session, you can call the travel team on 0300 303 80 60.

#### How do I book?

Once you have booked your vaccine call the travel team:

**0300 303 80 60**

**All vehicles are COVID Safe**

All transport providers have made sure you have a safe journey to the Brighton Centre.

#### A travel coordinator will ask you a few questions

Let them know you have booked onto the Quiet Vaccine Session at the Brighton Centre

A travel coordinator will ask you a few questions, and will help arrange for you to have a safe COVID-secure journey to the Brighton Centre for all Sussex residents.

#### They will ask you if you need any further support

A family member, friend or carer can join you at the Brighton Centre

Call our travel team:  
**0300 303 80 60**

COVID-19  
**KEEP SUSSEX SAFE**

When will I get my jab?

**NHS**

### Have any questions or queries?

If you have a question about the Quiet Session being put on this Saturday 17 April at the Brighton Centre, you can call our Public Involvement Team on 07443 770 754.

Also, you can view more information about the vaccination programme on our website, including details of the [services available in each area](#), [latest data](#), answers to [frequently asked questions](#) and links to all the national leaflets and materials. Visit <https://www.sussexhealthandcare.uk/keepsussexsafe/sussex-covid-19-vaccination-programme/> to find out more.

Book your COVID-19 vaccination at the **NHS Quiet Session** for people to have their first vaccination.

The Quiet Session will be held on:

**Saturday 17<sup>th</sup> April**

From **4.30pm to 7pm**

**At The Brighton Centre**

(on Brighton Seafront)

King's Road, Brighton, BN1 2GR

People over 30 years old with a Learning Disability, Dementia or Autism can come to the Quiet Session for your first vaccination.

The Quiet Session will be less busy and you will have a longer appointment to give you more time to have your vaccination. It will take 20 minutes.

Book your appointment now by calling Lilly on **07443 770 754**.

You will need to tell us your name, date of birth, contact details and support requirements

You can bring a carer with you to the Brighton Centre for your appointment.

A nurse will greet you when you arrive.

After you have booked your appointment, if you need help with travel, **book free transport** by calling the travel team on **0300 303 80 60**

Want to know more about the vaccination programme?

Visit our website at:

[www.sussexhealthandcare.uk/keepsussexsafe/sussex-covid-19-vaccination-programme/](http://www.sussexhealthandcare.uk/keepsussexsafe/sussex-covid-19-vaccination-programme/)

## C. Mobile vaccination services

The COVID vaccine is coming to St Peter's Church, Brighton three times in the next 2 weeks.

Visit our ambulance vaccination service at St Peter's Church, the details are below:

**WHEN:** Tuesday 13 April between 10.30am and 2.30pm  
Friday 16 April between 10.30am and 2.30pm  
Friday 23 April between 10.30am and 2.30pm

**WHERE:** St Peter's Church, York Place, Brighton, BN1 4GU (in the car park to the north of the Church)

**BOOK:** Call 0300 303 8060 (drop-in is also available)

Getting your vaccine is easy, just bring one form of ID (photo ID not required) and your NHS number, if you know it. We look forward to welcoming you.

## D. Second doses

**Vaccination services across our area are starting to arrange and carry out second dose appointments as people approach 12 weeks since their first vaccination.**

The first dose of both the Pfizer BioNTech and Oxford AstraZeneca vaccine offer good levels of protection, but to get maximum protection from COVID-19, everyone will need to get a second dose.

We are therefore urging people to come forward for their second dose of the vaccine when they are contacted or if they have an appointment booked.

Vaccination experts recommended that people receive their second dose around 12 weeks after their first.

If you have arranged your appointment through the national booking service, you are likely to have booked your first and second appointments at the same time. If you have booked online you can remind yourself of your place and time of your vaccination using the 'manage my appointments' section on [www.nhs.uk/covidvaccine](http://www.nhs.uk/covidvaccine).

If you had your vaccination at a GP led local vaccination service you will be contacted as your approach the 12 week mark. Please don't worry you will be contacted when it is time for your appointment.

## E. Senior NHS figures encourage Muslims to get their vaccination during Ramadan

Two leading Muslim figures working in the NHS have today joined other medical leaders and Islamic scholars in stressing that Ramadan should not stop anyone from getting the NHS COVID vaccination.

Imam Yunus Dudhwala, Head of Chaplaincy at Barts Health NHS Trust, and Dr Farzana Hussain, a senior GP, stressed

that getting the jab does not break the fast observed by Muslims during daylight hours over Ramadan.

Dr Hussain a practising Muslim, said that there was no need to avoid daylight hours and it is a religious duty for Muslims to get vaccinated when their turn comes.

Dr Farzana Hussain said: "Getting an injection does not break the fast as it's not nutrition and so there is absolutely no reason why you shouldn't have it if you are eligible and have been invited for your Covid-19 vaccine and those scheduled for their second dose, should take it.

"The Koran says saving your life is the most important thing: to save one life is to save the whole of humanity. It's a responsibility of a practising Muslim to take their vaccine."

The British Islamic Medical Association, an affiliate of the Muslim Council of Britain, has issued [specific advice](#), recommending the vaccine and insisting it is okay to have during Ramadan as it is not nutritional, nor does it contain any animal or foetal products. Full ingredient lists are published by the Medicines and Healthcare products Regulatory Agency (MHRA): [AstraZeneca](#), [Pfizer/BioNTech](#), [Moderna](#).

## F. Moderna starts to be used across the country

The first Moderna jabs have been delivered in England yesterday (Tuesday) as the NHS vaccination programme reaches another milestone.

More than 20 sites, including Reading's Madejski Stadium and the Sheffield Arena, will initially use the newest vaccine, as the NHS continues to expand the vaccination programme.

For those aged 18-29 who are eligible for a jab, the Moderna vaccine provides another alternative to the AstraZeneca vaccine, in line with updated MHRA guidance last

week. Along with Pfizer, it will be used by the NHS for some of the appointments rearranged for under 30s who were due to receive the AstraZeneca jab.

We will keep you updated on plans to use Moderna in Sussex over the coming weeks.

## G. Vaccinations - how you may be contacted

The NHS will let you know when it's your turn to have the coronavirus (COVID-19) vaccination.

### By text or letter

The NHS is sending text messages to some people to invite them to book a COVID-19 vaccine appointment.

The text message will:

- ✓ Be sent from 'NHSvaccine'
- ✓ Include a link to [nhs.uk](https://www.nhs.uk)
- ✓ Give you the option to call 119

✗ The NHS will never ask for payment details

You may receive a text from 'NHSvaccine' inviting you to book your vaccination appointments at a larger vaccination centre or pharmacy. You may also get a letter a few days after.

If you receive a text from 'NHSvaccine' inviting you to book and you're not sure if it is genuine, you can wait to receive your letter.

Texts from 'NHSvaccine' are separate to any invites you may get from local NHS services such as a GP surgery or hospital.

If you're invited to book a vaccination at a local NHS service, you'll usually get a text or a phone call. You may sometimes get a letter.

You can choose to book your vaccination appointments at a larger vaccination centre or pharmacy, or wait to be invited to go to a local NHS service. More places are opening all the time.

### Spotting a scam

The COVID-19 vaccine is free of charge on the NHS.

The NHS will never ask for:

- your bank account or card details
- your pin or banking password
- copies of personal documents to prove your identity such as your passport, driving licence, bills or pay slips

If you think you have been a victim of fraud or identify theft, report it to Action Fraud on 0300 123 2040.

### If you have received a letter or text but not booked an appointment

You may get a follow-up phone call from the NHS Immunisation Management Service. This call will be from 0300 561 0240. They will see if you need any help or support with your booking. You may also get a text from 'NHSvaccine' reminding you to book a vaccination appointment.

## H. Reassurance on the use of Oxford AstraZeneca vaccine

People are being encouraged to continue to attend their vaccination appointments and make sure they receive their vital protection. A [new statement from the Government](#) has been issued:

*“The Oxford/AstraZeneca vaccine is safe, effective and has already saved thousands of lives.*

*“As the MHRA - the UK’s independent regulator - and the JCVI have said, the benefits of the vaccine far outweigh the risks for the vast majority of adults.*

*“Everybody who has already had a first dose of the AstraZeneca vaccine should receive a second dose of the same brand, irrespective of age, except for the very small number of people who experienced blood clots with low platelet counts from their first vaccination. “The government will follow today’s updated advice, which sets out that, as a precaution, it is preferable for people under the age of 30 with no underlying health conditions to be offered an alternative vaccine where possible once they are eligible.*

*“When people are called forward, they should get their job. Vaccines are the best way out of this pandemic and provide strong protection against Covid-19.”*

[Read the latest information on the vaccination and blood clotting.](#)

## I. Fact check: Covid-19 vaccinations

You've probably read a lot of things about the coronavirus online, but not everything you have seen is true.

It is important to protect yourself and your loved ones from false information about the coronavirus and the COVID-19 vaccination programme.

Sharing false information about the [#COVIDVaccine](#) online can be dangerous. Consultant Obstetrician, Natasha (a doctor specialising in pregnancy, childbirth, and women's health) offers three questions you should ask yourself before passing on info

[https://fb.watch/4z\\_GuqXn45/](https://fb.watch/4z_GuqXn45/)

You can also watch this video

Take a look at this [‘fact check’](#) produced by the Sussex Health and Care Partnership which tackles some of the biggest concerns and inaccuracies out there, and sets the record straight with the facts and trusted information.

The British Society of Immunology has shared with Healthwatch some incredibly useful resources which should help answer many of your questions and queries. Please do take time to read the guides or watch the helpful and clear videos which involve medical experts answering your questions.

- [A guide to vaccinations for COVID-19](#) addressing common questions
- [What’s in a vaccine](#) an infographic and blog explaining the ingredients found in vaccines.
- [Types of vaccines for COVID-19](#) - infographics on how the different types of vaccine work.
- [COVID-19 vaccine Q&A](#) videos

Further details about all of this are contained in the separate Healthwatch [‘Fact Check’ bulletin](#) and on the [Healthwatch website](#).

## J. One million vaccinations given in Sussex

Across Sussex we have hit the incredible milestone of 1 million vaccinations given.

Vaccinations in our area started on 8th December 2020, and have since been taking place in hospitals, GP led vaccination services and vaccination centres.

Teams were working over the weekend providing first and second doses to those in the first nine priority groups, providing them with their vital protection.

There are now just approximately 125,000 people in the priority groups 1-9 who are yet to have their vaccination, and special clinics and services are being arranged to make this as easy as possible for people.

If you are aged 50 or over, are clinically extremely vulnerable or have an underlying health condition, are an unpaid carer or a health and social care worker, and are yet to have your vaccine, please come forward. Visit the [national booking service](#) or call 119 to arrange your appointment today

The NHS in Sussex is making good progress with the roll out of the COVID-19 vaccination programme. As at 4<sup>th</sup> April, over 1 million doses had been given to people.

Everyone in the [first four eligible groups](#) have already been offered the vaccine and the NHS is on track to have offered it to everyone in the first nine groups by mid-April, in line with the national target. We are now vaccinating those people aged 45 and above as well as those with underlying health conditions.
