

Outpatient Transformation Workshop 4

Improving Lives Together

Outpatient transformation: why?

Outpatient transformation aims

- Reduce unnecessary attendances at hospitals
- Enable GPs to get access to earlier expert advice
- Enable patients to get the care they need quickly
- Give patients more control over their own care
- Allow patients to access services in a way that suits them
- ***A personalised model whilst supporting recovery.***

Improving Lives Together

What are we missing?

If you were going to transform the outpatient system, what would you do?
